

CB350 RS

*Live
your story*

Every story you live to tell in this world begins with you.
So, why not live a story that speaks about who you are?
Take your CB350RS through every twist and turn of your
story, live every moment, and move towards a greener
future with 2025-ready, OBD-2B norms.

7 Y-Shaped Front Alloy Wheel

The wheel of style.

Live every mile of your story with grace and elegance.

Tuck & Roll Seat

May you find comfort in every story.

These seats are designed with extra comfort and cushioning to make your rides smoother and more comfortable.

Sporty Grab Rail

Everything sporty.

Even the smallest parts of this motorcycle bring out its sporty nature.

LED Headlamp and Underseat LED Tail Lamp with Eye-Shaped LED Winkers

Get noticed.

Designed to add class and style to your every move. Looks so cool that you just can't get your eyes off it.

Headlamp Ring

Add a ring to your story.

This ring headlamp will not only mark your presence on the road but will amp up your style quotient as well.

ESS (Emergency Stop Signal)

Let there be no brake to your safety.

Honda's emergency stop signal not just keeps you safe, it takes care of fellow riders too.

Smoked Black Sporty Front and Rear Fender

Feels light, looks sporty
from every side.

The sporty rear and front fender makes
the motorcycle lighter while maintaining
its sporty look.

Front Fork Boots

Rugged and real.

The fork boots on the
front suspension add a
rugged look to this
modern roadster.

Dual Channel ABS

Move in control.

Take charge of your story in every scene
with the Dual Channel ABS that prevents
wheels from locking up when brakes are
applied in an emergency or
on slippery roads.

Powerful 350cc Engine

A powerful soul.

Enjoy the power and smooth acceleration
at the same time with this mighty 350cc Air cooled,
4-stroke OHC single-cylinder engine from Honda.

Assist Slipper Clutch

Shift your load.

From brakes to gear shifting — the assist
and slipper clutch function will make
your ride smooth and tight.

Roaring Exhaust Note

Roar the roads.

The exhaust system carries a large tailpipe
of 45mm to optimize balance with muffler
capacity, producing a bold low-pitched sound.
Also, the single chamber structure gives
sharpness to the sound of the exhaust.

Hazard Switch

Switch off hazards.

The hazard switch engages both indicators during emergency stops and low visibility conditions.

Wider Rear 150/70-17 Pattern Tyre

For a gripping story.

The wider rear pattern provides a lowered rear stance enabling excellent riding stability on uneven roads and increasing the overall grip.

Advanced Digital Analogue Meter

All in one.

The Advanced Digital Analogue meter covers every aspect of your motorcycle. Just a glance will give you all the necessary information such as Honda Selectable Torque Control (HSTC), Dual Channel ABS, side stand indicator, mileage indicators, gear position indicator, battery voltage indicator and distance to empty indicator.

Engine Start/ Stop Switch

Switch on your story.

Begin your story with just a flick as the Honda CB350RS is equipped with a start/stop switch for added convenience.

Honda Selectable Torque Control

Power meets safety.

This enables the rider to mitigate rear wheel slip by providing the rider with a sense of security while riding in different conditions.

*I Live my
story*
